### Fighting Love To The Extreme

Fighting Love is book 2 in the Love To The Extreme Series, and I have to say I really enjoyed it. If I am honest I was a little on the fence when I started it, as I wasn't blown away by Extreme Love (book 1). I liked it, but I found it more of a PG/13 read, a tad too sugary sweet considering the story is set around MMA fighters.

I was a huge fan of book 1 in this series and couldn't wait for this book. Fighting Love did not disappoint. A fantastic story about lifelong friendships, love and family. Not to mention lots of sexy MMA fighters. I love Abby Niles style of writing and the characters she creates. This is definitely a must read! I highly recommend this series.

Love is an energy that flows, and you must flow with it. If you analyze it or try to understand it, you'll cause its annihilation. Love isn't meant to be understood or rationalized. Love is meant to be lived and to be fought for. The torment of not fighting for love is much worse than the torment of not trying.
