Set a timer for ten minutes and see how much you can read in that time. Multiply the number of pages you read by the number of words per page. Divide by ten to get your words per minute. You can use an online "speed reading test," but you will probably read at a different pace on a screen

than on a printed page.

Learn Speed Reading - Kipkis

Your child is learning to read by sight. You are not teaching your child phonics. You don't have to teach your child to sound out the words. Your child is to learn to identify a word by looking at it. That's how you are reading this right now. You don't sound it out. You just know what it says.
