internal and external. Audits are a key component for becoming ISO certified and you must have internal auditors, and pass the 2-stage registrar audit by an external party in order to become ISO 9001 certified. Below we will break down the different ways audits can be conducted and discuss internal, external and certification audits.

External fraud consists of first-party fraud and victim fraud. External fraud is committed by a person or entity that is not a bank employee, a former employee, or a third party engaged by the bank. First-party fraud occurs when an external party, including a bank customer, commits fraud against the bank.
