Nissan Zd30 Engine Injection Pump File Type

Injectors have what is called a 'Crack Pressure' This is the pressure that the fuel forces the needle/pintle off its seat, and allows fuel to flow through the tip of the injector. As the pump continues through its revolution, the provided pressure decreases and the injector will return to a closed state. Parts of the injectors are.

Basic HOW TO - Mechanical Diesel Engine Tuning Guide

The injector pump is a Bosch EPVE type as identified at this site . I don't know if this filter is common to all these types of pumps or other types or just a Ford extra. But if you are having fuel problems, have a look, or ask a friendly mechanic if your injector pump has a built in filter. **The Fix:**
