The Favor Megan Hart

Megan Hart has always had a gift for writing the most naked, broken, beautiful characters. People with issues, with struggles, with blood rising from wounds that never heal without a scar. THE FAVOR takes on the most disturbing of subjects, child abuse and neglect and the claustrophobic intimacy of families.

The Favor by Megan Hart - Goodreads

The Favor From New York Times bestselling author Megan Hart comes an emotionally charged novel that explores the secrets and lies that can destroy a family...forever. Home isn't always the place you go because they have to take you in.

The Favor - Megan Hart

The Favor is captivating, and at times heartbreaking work of contemporary fiction. I was apprehensive to read this,because I know Megan Hart's other novels written in a different genre, pack a punch. This novel completely blew me away. I was not expecting it to be so good

THE FAVOR by Megan Hart

Hart's book has an interesting premise, and for the most part, it's an absorbing read. However, a narrative that moves jarringly from past to present and an overly melodramatic buildup to a bombshell secret that, in the end, seems fumbled muffle the emotional impact of crucial events and weaken the success of the book.

The Favor: Megan Hart - TJ Fox: Sharing the Experience

The Favor isn't your typical Megan Hart book, (not that anything she writes is typical) it's not a romance but it does have a romantic "element" but it for me it also had a mysterious and suspenseful element. This book is about family and love but it's also about secrets, regret and forgiveness.

The Favor by Megan Hart - Fantastic Fiction

Megan Hart writes books. Some of them use a lot of bad words, but most of the other words are okay. She can't live without music, the internet, or the ocean, but she and soda have achieved an amicable uncoupling. She can't stand the feeling of corduroy or velvet, and modern art leaves her cold.
